### Career Fair Description

The J. M. Tull School of Accounting Annual Career Fair connects almost 500 UGA undergraduate and graduate accounting students with 50+ firms/companies. Attendance is reserved for accounting majors and recent accounting alumni only.

#### IMPORTANT NOTES ABOUT REGISTRATION FOR FIRST-TIME HANDSHAKE USERS

For first-time users, you will need to create your personal account and link to your employer's Handshake page before you can register for the fair. (This is a one-time-only process.)

Click on "Create an Account" above and then "Employer" on the resulting page. To create your personal account, enter your information, email and create a password. Handshake will send you a confirmation email to verify your credentials. Check your email and click the link to confirm your account. Back in Handshake, follow the steps to set up your account, search for your employer and link to that account. (If your organization is not in Handshake, you will create its employer page.) Students and alumni will see these pages when searching in the system.

You can also request access to University of Georgia during the sign-up process, notifying us that you would like to post jobs with us in the future.

After you link to your employer or create your employer's account, you'll be on the home page of Handshake. On the left-side navigation bar, click on "Fairs." Search for "University of Georgia" on the resulting Career Fairs page, and click on our career fair to complete registration.
